

June 5, 1995

Note to File  
Jill Van Hulle

I visited the Ceglowski residence on April 24, 1995, and met with Pat and his wife. The applicants, an older couple, have constructed a well for domestic supply, and are not currently, or planning on using the spring system. They are, however, adamant that they want Water Rights for their property, - mostly to add property value if they decide to sell. They would like rights to pump from the Coweeman River, instead of the spring even though it doesn't appear they have any intent to irrigate anything anytime soon.

I told them DOE was not evaluating applications for irrigation right now, and that right now I was working on recommendations for pending single domestic systems. I also told them that they had to put any water we allocated them to beneficial use within a specific development schedule.

I'm suggesting we delay any further action on this application right now. When we do begin working on general applications in this area again, we will need to be sure the applicant's have a specific project in mind.

SUBJECT: Water Right Application Responses

DEPARTMENT OF WILDLIFE  
SW REGIONAL OFFICE

The Departments of Wildlife and Fisheries recently defined specific criteria for the review and conditioning of Water Rights. Per the 10/4/93 WDF/WDW memo please apply the following:

1)

Any single family domestic applications should be limited to .01 cfs even if the application requests a greater amount. Please don't send any future applications for single family domestic applications. Apply standardized criteria for minimum flow, screening, etc. Deny any single family domestic applications where a less impacting alternative or reasonable alternative source is available. Deny where instream flows are a known concern. This applies to the following permit numbers:

S2-28725	S2-28787	S2-28819	S2-28916
S2-28749	S2-28804	S2-28820	S2-28935
S2-28751	S2-28807	S2-28827	S2-28938
S2-28762	S2-28810	S2-28883	S2-28958
S2-28777	S2-28814	S2-28885	S2-28960
S2-28783	S2-28817	S2-28912	

2)

For drainages with an existing instream resource protection plan, condition using established instream flows. Require screening where applicable. Adopt administrative closures and instream flows for drainages where WDF/WDW have made instream flow recommendations based on fish resource needs or where instream flow studies have been made, but not implemented into WAC. Apply these modifications administratively until they are adopted into rule. This applies to the following permit numbers:

Dear Mr. Ceglowski:

Re: Surface Water Application No. S 2-28777

We acknowledge receipt of your affidavit of publication of notice in connection with the above-numbered application.

The water codes require that no action be taken toward issuance of a permit earlier than thirty (30) days after the last date of publication. This period of time is allowed for filing any protests or objections. In some cases it is also necessary for us to await approval of the Departments of Fisheries and Wildlife before issuing permits.

Sincerely,

A handwritten signature in cursive script that reads "Sheri Fox".

NOTICE OF APPLICATION  
TO APPROPRIATE  
PUBLIC WATERS

TAKE NOTICE:

That Patrick Ceglowski of Long Beach, Washington, on March 15, 1993, under Application No. S2-28777 filed for permit to appropriate public waters, subject to existing rights, from unnamed spring tributary to Blackman Creek in the amount of .02 cubic feet per second as needed year round each year, for single domestic supply.

The source of the proposed appropriation is located within NE 1/4 SW 1/4 of Section 18, Township 8 N., Range 1E W.M., in Cowlitz County.

Protests or objections to approval of this application must include a detailed statement of the basis for objections: protests must be accompanied by a two dollar (\$2.00) recording fee and filed with the Department of Ecology, at the address shown below within thirty (30) days from August 18, 1993.

Dear Mr. Ceglowski:

Re: Surface Water Application No. S 2-28777

On April 2, 1993, this office sent a notice to you for publication in a newspaper within Cowlitz County.

DID NOT  
RECEIVE

We have not received the necessary affidavit of publication and, therefore, cannot continue to process application.

Please reply within thirty (30) days or, if you are no longer interested in the application or obtaining a water right, please sign the statement below and return to this office.

I am no longer interested in processing the Surface Water Application No. S 2-28777 or obtaining a water right and I hereby agree to it being cancelled.

I understand that after the effective date of cancellation, any use of the surface water is a violation in accordance with Chapter 90.03 RCW and subject to enforcement action.

PO Box 1109  
Long Beach, Washington 98631-1109

Dear Mr. Ceglowski:

Re: Surface Water Application No. S 2-28777

Your application for the appropriation of water has been assigned the above referenced number. Please refer to this number in future correspondence.

Enclosed is a notice of your application which must be published once a week for two consecutive weeks in a qualified legal newspaper of general circulation in the County or Counties in which the storage, diversion, and use is to be made and in other newspapers as directed. A list of these newspapers in your county is enclosed.

The applicant is responsible for the payment of the publication. Please read the notice carefully to make sure it is correct. Should you find an error, please return the notice to our office for correction.

You should mail or deliver the enclosed notice to a newspaper regarding publication as soon as possible. When you receive the affidavit of publication form the newspaper, please forward it to this office promptly. Further processing of the application will not be made until the affidavit is returned.

A site investigation will be made by this office before we issue a permit decision. In light of our water right backlog, we estimate it will be about 18 months after receipt of your application before we are able to conduct the site investigation.

Sincerely,

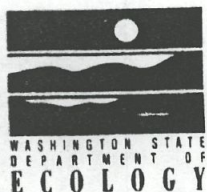

A handwritten signature in cursive script that reads "Sheri Fox".
